9/9/05	R02-06-001	Order Instituting Rulemaking on policies and practices for advanced metering, demand response, and dynamic pricing.
--------	------------	---

**Summary:** On September 6, 2005, Brian Cragg, counsel for USCL Corporation (USCL), spoke by telephone with Julie Fitch, advisor to Cmmr. Peevey. Cragg stated that USCL was filing a petition to intervene and a motion requesting the Commission to add another functionality requirement to the six advanced metering infrastructure functions currently identified in this proceeding. Cragg described how the motion asked the Commission to require installation of a universal, nonproprietary, interactive interface in the customer meter and how such an interface would greatly enhance the Commission's program.
